Thanks Craig. Just wanted to clarify...if you know:

Were opp asked to act in a pou capacity and refused and then it was agreed they would act in an IAP role. Or were they always intended for the IAP role and our members are just expressing their concern should we be asked to assume a different posture? I can call Dave to clarify I just don't want to pester them if you knew the specifics.

Thanks

Dan

Folks,

As per POU info and CIC Duval:

OPS have been directed to conduct traffic stops on vehicles that are removing the fuel and seizing the fuel under the mischief CC authority (based on their Crown's advice). OPS POU have been instructed to support Ottawa Fire removing whatever fuel remains. OPP POU have expressed thier opinion that they aren't satisfied with their authorities and will not take part in the seizure plan. They have agreed to stage in the area to support OPS as an IAP for officer rescue/public safety pursuant to PSA 25, common law if necessary.

Duval reports that OPS had their QRT/POU attend a parking lot in the red zone to arrest 2 people driving pickup trucks with Gerry cans in the back. Persons arrested on RPG for Mischief... drivers to be taken to cells and vehicles to be towed.

N0 OPP involved.
